Vision and Values

TEAM Vision:
Life, Love and Learning to the Full

School Vision:
A school community of calmness, fun and positive relationships where all children reach their potential and create the building blocks for future success.

At Pilton Infants Academy we aim to build the foundations of life in all its fullness underpinned by our school values of **Teamwork, Compassion, Creativity, Determination** and **Resilience** where we understand what it means to be loved and to love others within our school and our local, national and global community.

Fundamental to our vision to educate for life in all its fullness, we are inspired to build our school community where all are valued, all contribute and all belong. To achieve this, we work together on **Building Learning Power, Building Communities, Building Self-Esteem** and **Building Futures**.

Aims and Key Principles

Our school values underpin our ethos; every child is valued and encouraged to achieve their full potential. Every member of our school community is encouraged to respect and value each other. Wherever possible we make close links between our values and the PSHE curriculum.

Personal, social, health and economic education (PSHE) are an important and necessary part of all pupils' education. Through a planned programme of learning, we aim to provide our pupils with the knowledge, understanding and skills that they need in order to manage their lives both now and in the future. As part of a whole school approach, we aim to develop the attributes our pupils need to thrive as individuals, as part of a family and as a confident member of the wider community.

We want our children to learn to understand and respect our common humanity, diversity and differences so that they can go on to form the effective, fulfilling relationships that are an essential part of life and learning.

Pupil Learning Intentions

We want our children to develop self-awareness, positive self-esteem and confidence, enabling them to:

- Have a sense of purpose
- Value self and others
- Form relationships
- Make and act on informed decisions
- Communicate effectively
- Work with others
- Respond to challenge
- Be an active partner in their own learning
- Be active citizens within the local community
- Explore issues related to living in a democratic society
- Become healthy and fulfilled individuals

Curriculum Content

PSHE (which includes Relationships and Sex Education) is taught weekly through a planned programme of work, called Jigsaw. The programme brings together PSHE Education, emotional literacy, social skills and spiritual development. Teaching strategies are varied and are mindful of preferred learning styles and the need for differentiation Jigsaw is designed as a whole school approach, with all year groups working on the same theme (Puzzle) at the same time.

We also aim to cover aspects of PSHE through special theme days and weeks e.g. Healthy Living week.

In addition to following the Jigsaw PSHE programme, opportunities for exploring aspects of PSHE will be capitalised upon e.g. through literacy sessions where a core text may involve questioning a character's motivation for their actions etc.

Jigsaw covers all areas of PSHE for the primary phase, as the table below shows:

Term	Puzzle name	Content
Autumn 1:	Being Me in My World	Includes understanding my place in the class, school and global community as well as devising Learning Charters)

Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and diversity work
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, working together to design and organise fund-raising events
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of looking at change

Learning and Teaching

In line with our Teaching and Learning Policy, a range of teaching strategies will be used to ensure that learning is purposeful, active and exciting. All pupils will work within a safe, secure climate to be able to explore their own and others' attitudes, values and skills. Lessons will involve a high level of interaction where each pupil has planned opportunities for learning which will give them scope to work to their full potential.

Establishing a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike, is vital to successful and effective teaching and learning within this subject. Each class will establish ground rules largely based on the following:

- We take turns to speak
- We use kind and positive words
- We listen to each other
- We have the right to pass

Parental and Community Involvement

Parents are invited to join in events in school. Parents are regularly informed of events and developments on the website and school newsletter. We aim to involve outside agencies, including NSPCC, School Liaison Police Officer, dental health advisors, e-safety advisors, St Johns Ambulance service, to deliver aspects of the PSHE curriculum where possible.

Teaching Sensitive and Controversial Issues

Sensitive and controversial issues are certain to arise in learning from real-life experience. Teachers will be prepared to handle personal issues arising from the work, to deal sensitively with, and to follow up appropriately, disclosures made in a group or individual setting. Issues that we address that are likely to be sensitive and controversial because they have a political, social or personal impact or deal with values and beliefs include: family lifestyles and values, physical and medical issues, financial issues, bullying and bereavement. Teachers will take all reasonable, practical steps to ensure that, where political or controversial issues are brought to pupils' attention, they are offered a balanced presentation of opposing views. Teachers will adopt strategies that seek to avoid bias on their part and will teach pupils how to recognise bias and evaluate evidence. Teachers will seek to establish a classroom climate in which all pupils are free from any fear of expressing reasonable points of view that contradict those held either by their

class teachers or their peers.

Training and Support for Staff

Support for teaching and understanding PSHE issues is incorporated in our staff INSET programme, drawing on staff expertise and/or a range of external agencies.

Assessment

Children's understanding, knowledge and skills are assessed through observation, discussion, questioning and group participation. Children will be encouraged to talk about and reflect on their own experiences.

Monitoring and Evaluation

The TEAM PSHE subject leader will monitor delivery of PSHE through observation and discussion with teaching staff to ensure consistent and coherent curriculum provision. Evaluation will be based on:

- Pupil and teacher evaluation of the content and learning processes
- Staff meetings to review and share ideas

Confidentiality and Child Protection Issues

As a general rule a child's confidentiality is maintained by the teacher or member of staff concerned. If this person believes that the child is at risk or in danger, she/he talks to the designated safeguarding lead who acts as laid down in the Safeguarding Children Policy. All staff members are familiar with the policy and know the identity of the member of staff with responsibility for Child Protection issues. The child concerned will be informed that confidentiality is being breached and reasons why. The child will be supported by the teacher throughout the process.

TEAM Multi Academy Trust is committed to safeguarding and promoting the welfare of children and expects all staff and volunteers to share this commitment. The Safeguarding Children Policy and procedures are available on our website and provide comprehensive information regarding all forms of child exploitation.

Involving Parents and Carers

The school believes that it is important to have the support of parents, carers and the wider community for our PSHE teaching and learning programme and so will keep parents informed of the content studied using our termly curriculum newsletters, weekly school newsletters and annual end of year reports.

The parent's section of our school website, "Keeping your child safe", offers a wide range of advice and guidance to support parents.
